

DOLPHIN STEM ACADEMY

A new online 5-12 grade school

Children learn through exploration. We've developed a curriculum and learning opportunities to prepare the next generation for STEM discovery.

Our focus is on developing passions in STEM, and nurturing a commitment to local and global community improvement projects. The school uses an online general education curriculum which is easily customizable.

- **Personalized online curriculum**
- **Student support services**
- **STEM focus**
- **Gifted and Honors Program**
- **College and Career Prep**
- **Community Improvement Projects**
- **Foreign Language Classes**
- **Social Engagement**
- **Electives**
